20th June 2018

Dear Parents & Carers,

The cyber world in which our children live in can be a dangerous one sometimes. The Hampshire Constabulary are seeing a rise in issues that start or continue with use of the internet including Cyberbullying, Sexting and Child Sexual Exploitation.

Children as young as 5 are being affected by this but we have noticed a peak in victims between the school year groups of 5, 6 and 7.

Most of the issues begin and continue unnoticed at home for some time, whilst using their devices.

PCSO Lee Haywood in collaboration with Padnell Infant & Junior Schools are working together to tackle these issues, but we can't do this without parents being fully aware of the dangers online and learning what you can do to support your children from home in the online world.

We would like to invite you to a 60 minute workshop, led by the Police, to better inform you of what is happening on the Internet right now. After this workshop there will be a chance to discuss what issues you or others are facing.

We feel it is vitally important that every parent tries to attend one of the workshops.

Please see the times on the page overleaf and register yourself for one of the time slots as soon as possible.

If you have any questions or concerns, please contact myself via the email address at the top of this letter.
