

# What's happening in Year 1?

Welcome back after what we hope was a relaxing break.  
Thank you so much for your continuing support with your  
child's learning at home.

Please do not hesitate to come and see us if you have  
any concerns or queries.

With Kind Regards, Year One Team.

Ms Bavington, Miss Poulter, Mrs Tripp, Mrs Edwards

In **Maths** we will be continuing to practise our number bonds to 20. We will be learning about fractions. We will also be revisiting multiplication and division. In addition we will be furthering our knowledge of position and direction and time.

In **Art** we will be using a range of media to create under the sea painting and collage.

In **Science** we will be learning about different animals in the sea and how their structures vary. E.g. comparing fish and mammals.

## Ways to help at home

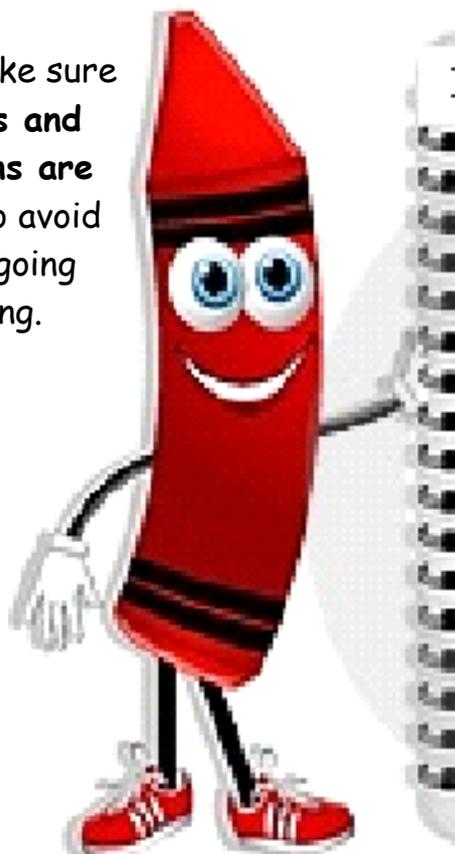

- Read with your child every night.
- Practise counting in 5s.
- Look for shapes and fractions in the environment.

In **Art and Design Technology** will be making boats and creating sea creatures.

We will be selling our planting successes in the pop-up shop in the playground after school on Thursday 22<sup>nd</sup> June

Please make sure **jumpers and cardigans are named** to avoid things going missing.

Our topic this half term is...  
**Under the Sea.**

In **English** we be looking at information texts about the sea and writing our own. We will be enjoying poetry and creating our own poems and tongue twisters. We will also be writing postcards.

Thank you for ensuring most children have a **named** PE kit as it certainly helps with a full class getting ready at the same time!

## Important days and dates

### Summer 2 Diary Dates

- 8<sup>th</sup> June-Everybody Writes day Writing Gallery
- 2<sup>nd</sup> July-Transition afternoon
- 4<sup>th</sup> July Transition Day
- 5<sup>th</sup> July- All library books to be returned.
