25th March 2022. Spring Term No 11

Covid Update

Although not a legal requirement, it is still recommended to isolate if you received a positive Lateral Flow test.

Children can return to school if they receive 2 negative results, after the 6th day:

Day 1 is the day after a person tests positive. Then count to day 5 and test. If negative, you can repeat on day 6 and if negative again, you can get back on with life.

If your child is at home isolating, but well enough to learn, you need to log onto your year group learning platform (Tapestry or Seesaw) and support them in completing their learning. Thank you.

Chicken Pox

There have been numerous cases of Chicken Pox in both Year R and Year 2.

- The Chicken Pox rash begins as small, red flat spots that develop into itchy fluid-filled blisters.

- Cases of chicken pox are generally infectious from 2 days before the rash appears to 5 days after the onset of the rash.

- Although the usual exclusion period is 5 days, all lesions should be crusted over before children return to school.

Red Nose Day

Thanks to your contributions we have sent £218.37 to Comic Relief.

Congratulations to the following children who won a prize for the effort and/or creativity of their costumes:

Joseph – Rabbits
Roman – Foxes
Paddy – Squirrels
Rozalia – Ladybirds
Enzo – Butterflies
Livvie – Woodpeckers
Xavi – Finches
Henry – Owls

The Queens Canopy

We are pleased to have taken delivery of 50 small trees which some children helped to plant yesterday in our new tree nursery on the land by the staff car park. They have been placed next to a new oak tree planted to mark the Queen's Platinum Jubilee. Photos of this will be added to the website next week.
